

# Environmental Policy

## Environmental Strategy

Evo Business Supplies is committed to achieving the highest levels of controls that will minimise the impact of our activities on the environment, by continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular reviews and communications to our employees.

## Statement of Intent

In order to achieve our strategy, and the need to ensure compliance with all relevant Environmental Legislation and Standards, Evo will strive to:

- Incorporate environmental factors into business decisions.
- Continually improve and monitor environmental performance.
- Continually improve and reduce environmental impacts.
- Set environmental targets and objectives.
- Implement internal auditing to measure conformance and opportunities for improvements.
- Improve waste management and identify opportunities to reduce, reuse, recycle and prevent pollution.
- Take into account energy consumption and use of materials.
- Comply with and exceed all relevant regulatory requirements.
- Increase employee awareness.
- Update this policy at least annually in consultation with staff and other stakeholders.
