NEW TO evo LIVE?

Take a look back at our fantastic 2026 event!

NEW VENUE NEW OPPORTUNITIES

The Venue

Liverpool Exhibition Centre is a state-of-the-art, purpose-built venue situated on Liverpool's iconic waterfront and forms part of the interconnected Liverpool event campus alongside the Convention Centre, Auditorium and M&S Bank Arena.

The wider campus first opened in 2008 as part of Liverpool's year as European Capital of Culture, marking a major milestone in the city's regeneration and establishing Liverpool as a leading destination for business, entertainment and cultural events.

Following the success of the existing waterfront venues, plans were announced in 2011 to expand the campus with a dedicated exhibition and events space. Construction of Exhibition Centre Liverpool began in 2014 and the venue officially opened in September 2015.

Since opening, Exhibition Centre Liverpool has successfully established itself as one of the UK's leading event venues, hosting a wide range of national and international exhibitions, conferences and live events

The Vision

BRANDS

the TESTIMONIAL

evo LIVE is an effective platform for bridging the communication gap between our wholesale partner and dealers, providing a dedicated day to engage with the reseller community. This year, we valued the opportunity to showcase the broader Newell Brands portfolio beyond traditional office products, highlighting our Cleaning and Facility Management offer through Spontex as **evo** continues to expand into new categories. The event enabled us to connect with new dealers outside of general office products, helping to drive incremental opportunities across new segments and vertical."

the TESTIMONIAL

Being the headline sponsor at evo LIVE has been a highly valuable experience for Nescafé. It has provided us with outstanding exposure, enabled us to build meaningful connections across the industry, and significantly increased the visibility of our brand in a really engaging environment.

What stands out most is how evo LIVE creates genuine opportunities to strengthen relationships – not just with existing partners, but also by opening doors to new customers and conversations that continue well beyond the event itself. The platform has played an important role in helping us grow our business, and it remains a key fixture in the calendar.”
